

Print landscape. Page Scaling: None

Check the length of the three red guidelines.

Enlarge or reduce to achieve length (or as close as possible)

When printing make sure the
dashed line to the right is 7¼"

When printing make sure the
dashed line below is 10⅞"

When printing make sure the
dashed line to the right is 6⅞"

Large Sleigh Template for Aunties Two Pattern Number AT602 Sleigh-Full ©2016 by Aunties Two

Changes to Pattern for Large Sleigh (WOF = width of fabric or 42/44"):

Materials: ½ yard main fabric, ½ yard runners/binding fabric
1¼ yard stiff double-sided fusible interfacing like Peltex II

Cutting: Fabric

Sides Cut 1 strip 11½" x WOF
 from that cut 4 rectangles 8½" x 11½"

Gussets Cut 2 strips 6" x 20"

Runners Cut 2 strips 5" x 22"

Binding Cut 6 strips 1¼" x WOF

Interfacing

Cut 2 strips 11½" x 20"
 from these cut 4 rectangles 8½" x 11½"

Cut 2 strips 6" x 20"

Cut 2 strips 2" x 20"

Sewing:

Follow the instructions on pages 3-8 with the following changes:

► On page 4, when sewing the binding on each gusset, extend the length of the binding strip for the gusset by sewing leftover side binding to one end.

► On page 5, on one gusset, draw a line across the gusset 6" in from one end (back) and 5" in from the other end (front)

► On page 6, on the finished runners, draw a line 1½" in from one end and 9½" in from the other end. When pinning the Runners to the Gusset, match the 1½" line on the runner to the 6" line on the gusset.

Sew between the lines on the Gusset.

► On page 7, sew across the gusset on both the 6" and 5" lines. Fold the gusset on the 6" line.
