

Woven End Box

Fuse two layers of cork together
to make it double-sided!
Fun to make! Unique decorative box.

MATERIALS

CORK FABRIC

OUTSIDE 17" long x 13½" wide rectangle
INSIDE (*can be the same as outside or different*) 17" long x 13½" wide rectangle

Buy good quality cork. Use cork with a matte or dull finish. Do not use metallic cork or cork with a shiny finish, as ironing may dull the finish. Test a small piece of cork before starting.

INTERFACING

Fusible Web on Release Paper 20" wide 1 yard
We recommend Bosal's Splendid Web on Release Paper 20" x 36" (Item #445-2)

COORDINATED THREAD

For machine sewing, use a 50 weight thread. Or for stitching that really stands out use a 28 weight or even a 12 weight thread. Most of our samples were made with 12 weight thread.

EMBELLISHMENTS

Four buttons (2 outside and 2 inside) or more if you want to layer your buttons.
Silk Ribbon or heavy thread to attach the buttons.

Try River Silks ribbon in 4mm or 13mm widths and Chenille needles size 18

Other Tools:

Parchment paper or Teflon ironing sheet. Freezer paper or heavy paper 17" x 14".
Iron. Frixion pen or chalk for marking. Sewing machine, Microtex 90/14 machine needles or Janome Purple Tip needles. Very sharp scissors - we recommend Karen Kay Buckley's Medium or Large scissors. Clover Wonder Clips, pins, small awl, rubber needle puller, rotary mat, acrylic rulers, rotary cutter.
